Local visionaries have joined forces with KNOX. Will you? Become a part of Hartford's leading environment movement.

Using horticulture as a catalyst for community engagement, KNOX forges partnerships between residents, businesses, and government, providing leadership to build stronger, greener, healthier and more beautiful neighborhoods in Hartford.

The Vision of KNOX is a Capital City revitalized by horticulture and urban reforestation through the individual and collective efforts of its residents, businesses and government; a city where every neighborhood has an active community garden and where all residents feel the impact of these gardens on their own individual lives; a city where residents share a strong sense of pride, place, and connection to each other.

KNOX plants over 1,000 trees each year with the help of people like you. Join us in planting even more in Hartford’s neighborhoods this year. We can’t green this city without you!

For more information on becoming a KNOX Member, please contact the Advancement and Marketing Office at KNOX at 860-951-7694 or kaylaa@knoxhartford.org.
